OBJECTIVE

A highly driven and enthusiastic student with a strong passion for coding and software development. Focused on designing efficient, scalable applications and tackling real-world challenges through innovative programming solutions. Dedicated to continuous learning, enhancing technical expertise, and contributing to impactful software projects.

INTERNSHIP

IoT & Embedded Systems Intern, Gateway Software Solution Pvt. Ltd. Coimbatore
• Completed a 1-month internship Gained hands-on experience in microcontroller programming and IoT communication protocols.
• Worked with sensor-based automation systems to understand smart device integration.

EDUCATION

Bachelor of Engineering - Electronics and Communication Engineering, 2023 – Present
Rathinam Technical Campus Coimbatore Coimbatore
CGPA - 7.5

Higher Secondary Certificate (HSC), Bharathiyar Matriculation Higher Secondary School 2022 – 2023
70% Salem

Secondary School Leaving Certificate (SSLC), 2021 – 2022
Bharathiyar Matriculation Higher Secondary School Salem
100%

TECHNICAL SKILLS

Programming	Web Development
• Java	• HTML
• Data Structures and Algorithms (DSA)	• CSS

PROJECTS

WeatherCast AI, WeatherCast AI
• Built a real-time AI-powered platform for weather forecasting, energy prediction, anomaly detection, and smart travel recommendations using React, FastAPI, TensorFlow, WebSockets, and Groq AI.

Personal Portfolio Website
• Created a responsive web portfolio to effectively display my projects, technical abilities, and learning progress.
• Technologies Used: HTML, CSS

CERTIFICATIONS

• Internet of Things - Coursera • Fuzzy Sets, Logic and Systems & Application - NPTEL Certification

SOFTSKILLS

• Leadership • Problem solving
• Decision making
